24th April, 2019

Sonja Ruetzel,
ICT4D Conference Manager
Catholic Relief Services

THE 11TH INFORMATION COMMUNICATIONS TECHNOLOGY FOR DEVELOPMENT CONFERENCE

The Ministry is pleased to welcome the 11th Information Communications Technology for Development (ICT4D) Conference to Uganda to be held between April 30 – May 2, 2019 at Speake Resort, Munyonyo.

As a country, our development agenda is hinged on how well we adopt and utilize ICT across the sectors of Government. We have consciously and deliberately invested in ICT Infrastructure and IT Systems to maximize the dividends that come with technology adoption.

Having said the above, our investments are meaningless if we do not popularise them through events such as the conference you are convening.

Based on the above, we are delighted to be co-hosts and we shall do everything within our means to make the event a success.

A handwritten signature in blue ink, appearing to read 'Bagire Vincent Waiswa'.

Bagire Vincent Waiswa
PERMANENT SECRETARY
